I have a couple of new ads project coming soon. On the art side, I have also just finished a collaboration with the Italian design brand KARTELL. Curator Luca Stoppini asked a selection of contemporary artists to make a series of short films about KARTELL's iconic creations for an exhibition they are doing at the moment at Palazzo Reale in Milan entitled The Art Side of Kartell to mark the 70th anniversary of the brand. I created a film with contemporary dancer Fanny Sage about the Papyrus Chair designed by Ronan et Erwan et Bouroullec.

I am also finishing a new book, which is due to be published in September, based on DIVINO INFERNO, a 60-minute documentary art film I did last year about the work of Auguste Rodin, produced by ARTE.
